C. W. WINDERS, B.Sc.Agr.

JANUARY TO DECEMBER, 1957

QUEENSLAND AGRICULTURAL JOURNAL

SUBJECT INDEX.

	PAGE		PAGE
A		D	
Agriculture in Queensland	667-686	Dairying—	
Aircraft in Agriculture.....	473-478	Additional Herd Recording Service.....	52
Artesian Bores in Queensland.....	370	A.I.S. Production Record.....	582
Avocados—		All-metal Butter Churn.....	333
Marketing	342	Artificial Insemination.....	528
Root Rot.....	701-704	Balanced Farming.....	184-188
B		Better Feeding.....	357-358
Bags—		Better Quality Products.....	3-4
Cement-Coated	424	Bull Control.....	411-412
Bail—		Bull Paddocks.....	293-294
Cattle Crush Slide.....	401-408	Bull Proving Scheme.....	333
Banana—		Calving Periods.....	527-528
Closer Planting	431-434	Capital Expenditure on Queensland	
Leaf Spot Control.....	317-326	Farms	34
Propping Methods.....	177-180	Care of Cans.....	281-286
Beans—		Cheese Packaging.....	138-142
French Stringless.....	579-582	Concentrate Feeding.....	337-338
Liming and Trace Element Problems...	327-330	Cooling and Storing Cream.....	707-710
Long.....	621-623	Enterprise and Achievement at	
Beef Cattle—		Caboolture	513-521
Better Feeding.....	357-358	Farm Valuation.....	189-197
Creep Feeding for Calves.....	278-280	Herd Management on Production	
Growth Hormones.....	600	Records	409-410
Handling and Drafting.....	455-459	Herd Recording Questions and Answers	450-454
Management in Far North Queensland	203-211	Herd Records	287-292
Pleuropneumonia	661-665	Herd Wasteage Survey.....	653-658
Beekeeping—		In Mackay District.....	153-158
American Foul Brood.....	391-394	Mastitis	441-444
Nosema Disease.....	719-723	Milking Once a Day.....	574
Paralysis in Bees.....	658	Milk Production Overseas.....	262
Statistics	30	Milk-Vat Stand	334-336
Winter Work in the Apiary.....	316	Pleuropneumonia	661-665
Brigalow Spraying Rates.....	40	Processing Cream for Buttermaking...	583-589
Brisbane Exhibition, 1897.....	425	Production Improvement.....	522-526
Bush Bock Club.....	137	Purebred Bulls.....	135-137
C		Quality and Quantity.....	419-420
Care of Elderly People.....	601-602	Report on Group Herd Recording, 1956	76-82
Citrus—		Simple Method of Feeding Silage.....	69-75
Control of Common Pests in Southern		Solar Water Heaters.....	412
Queensland Inland Orchards.....	125-131	Talks on Cooling Milk and Cream.....	286
Frost Injury.....	330	Tick Resistance.....	728
Replanting Land.....	615-619	Top Recorded Herd.....	445-449
Co-operatives—		Tubular Steel Feeding Stalls.....	35-38
Primary Producers'.....	352-356	Tubular Steel Premises.....	435-440
Crop Forecasting.....	342	Value of Continuous Herd Recording...	39-40
Cucurbits—		Disease Prevention.....	639
Fusarium Foot Rot.....	253-255	Districts—	
		Bowen Pasture Improvement.....	368-370
		Caboolture Dairying.....	513-521
		Central Burnett Agriculture.....	159-170
		Geological Maps Available.....	312
		Granite Belt Deciduous Fruits.....	385-389
		Mary Valley Pasture Improvement.....	297-311
		North Coast Horticulture.....	263-272
		Southern Coastal Queensland Grapes...	381-384
		Duck Banding.....	390, 604, 640-642

	PAGE.		PAGE.
E		P	
Entomologist's Conference.....	472	Papaws—	
F		Hand Pollination.....	660
Farmer Self Help.....	109-110	Pastures—	
Fauna—		Biloela Buffel Grass.....	111-118
Queensland Sanctuaries.....	511-512	Elephant Grass.....	119
Fertilizers—		Improvement on Mary Valley Soils.....	297-311
Notes on.....	625-636	Improvement Pays at Bowen.....	368-370
Field Turnips.....	49-52	Lucerne Investigations at Biloela.....	239-247
Fodder Conservation—		Management for Maximum Production.....	693-699
Crops for Silage.....	609-614	New Grass Planter.....	326
Farmers' School, Gympie.....	578	Nitrogen-Phosphate Fertilizer for Grass.....	235-238
Feeding Hay and Silage.....	565-572	Paspalum.....	102
Fodder Stocks.....	258	Russian Comfrey.....	624
Hay Bale Device.....	599	Sown.....	421-424
Silage Making.....	534-542, 550-564	Studies in North-west.....	648
Silos.....	724-728	Trace Element Trials.....	687-692
Fox Poisoning.....	620	Velvet Bean.....	488
Fruit—		Peach—	
Deciduous Varieties in Granite Belt.....	385-389	Chilling Requirements.....	27-30
Growing Trends.....	171-172	Peas—	
Urea Sprays in Deciduous.....	259-262	Crop at Stanthorpe.....	705-706
G		Varieties in Southern Coastal Queens- land.....	248-252
Ginger—		Pesticide Naming.....	573-574
Preparing "Seed" for Planting.....	427-430	Pigs—	
Goat Production Recording.....	659-660	Deep-litter Pen.....	339-341
Grain Storage.....	197	Ear Notching.....	103-107
Grapes—		Overfat.....	147-152
In Southern Coastal Queensland.....	381-384	Self-feeders.....	521
Vineyard Cultivation.....	507-510	Testing.....	711-714
H		Pineapples—	
Hard Pan in Horticultural Soils.....	65-68	Closer Spacing.....	575-578
Hookworm Infestation of Working Dogs...	31-33	Diseases.....	13-26
I		Potassium Requirements.....	313-316
Irrigation—		Pine Bark Anobiid.....	637-639
School for Farmers.....	188	Plant Import Regulations.....	506
M		Potato Broad Mite.....	56-58
Machinery—		Poultry—	
Cheap Wheel.....	700	Artificial Insemination.....	413-418
Pool at Glenrae.....	543-549	Chronic Respiratory Disease.....	643-648
Marketing Situation, 1955-56.....	199-202	Egg Industry Position.....	649-652
Marketing Situation, 1956-57.....	715-718	Egg Quality.....	652
Meteorology—		Lights for Layers.....	91-95
Drought Records.....	479-480	Mites in Fowlhouse.....	692
Weather Factors.....	295	Pullorum Disease.....	623
Ministers for Agriculture and Stock.....	481-482	Roundworm.....	529-533
Minister's New Year Message.....	1	Vaccinating against Fowl Pox and Infectious Laryngo-Tracheitis.....	96-102
Mouse Spider.....	502	Vitamin A Supplement.....	542
N		Primary Products Value.....	426
Nematodes—		Pumpkins—	
In Pumpkins.....	499-501	Grading.....	686
In Strawberries.....	256-258	Nematode Control.....	499-501
O		R	
Oranges—		Rockmelons in Central Burnett.....	132-134
Mould Reduction.....	665	Rural Progress.....	590-598
O		S	
Nematodes—		Safeguards for Producer and Consumer...	47-48
In Pumpkins.....	499-501	Safflower Growing on Darling Downs.....	605-608
In Strawberries.....	256-258	Sawfly Control.....	338
Oranges—		Seed—	
Mould Reduction.....	665	Canary.....	483-487
O		Centro.....	238
Nematodes—		Grass.....	59-64, 636
In Pumpkins.....	499-501	Hybrid Maize.....	247
In Strawberries.....	256-258	Tobacco.....	312

SUBJECT INDEX.

V.

	PAGE.
Sheep—	
Advisory Service.....	212
Breeding Plan.....	212
Care of Skins.....	478
Extension Service.....	233-234
Feeding Weaners.....	395-400
Flock Management.....	461-468
Management of Ewe Flocks.....	213-222
Marketing of Wool.....	469-471
Marking Time.....	273-277
Occurrence and Control of Worm Parasites.....41-46, 83-90,	143-146
Wool Production, 1955-56.....	222
Soil Conservation—	
Financial Side.....	619
Group Schemes.....	600
Soils—	
Notes on.....	625-636
Sorghum—	
Grain	173-176
Statistics—	
Agricultural, Dairying and Pastoral.....	343-351
Strain 19 Vaccination.....	198
Strawberry—	
Approved Planting Material.....	124
Research Work.....	642
Root-Knot Nematode.....	256-258
Yields	181-183
T	
Tea—	
Growing Experiments in North Queensland	5-12
Tetanus	603-604

	PAGE.
Thumb Sucking.....	666
Tobacco—	
Contour Furrow Irrigation Layout.....	489-498
Grading Schools.....	296
Research Station, Inglewood.....	223
Research Station, Parada.....	223
Seed Orders.....	380
Tomatoes—	
Growth Cracks.....	371-379

V

Velvet Beans in Beerwah District.....	503-505
---------------------------------------	---------

W

Wallum Investigations.....	252
Weeds—	
Declared Noxious.....	460
Giant Sensitive.....	488
Skeleton Weed.....	2
Stinkwort.....	331-332
Weights of Common Fodders in Bags and Bushels.....	444
Wheat—	
Field Competition, 1956.....	359-367
Varieties Recommended for Queens- land—1957 Season.....	53-55

	PAGE.		PAGE.
A			
Apples—		Green Looper.....	379
Top-working	260	Maori Mite.....	128
Tree in Winter.....	386	Mussel Scale.....	127
Avocado—		Nematodes.....	256-257, 378
Root Rot.....	701-703	Pine Bark Anobid.....	637
B		Pink Wax Scale.....	126
Bananas—		Potato Broad Mite.....	56-58
Cavendish	179-180	Pulvinaria Scale.....	130
Leaf Spot.....	319-325	Red Scale.....	125
Mons Mari.....	178, 433, 434	Soft Brown Scale.....	131
On Maroochy Experiment Station.....	269	Tomato Grub.....	375
Plantation	432	Tomato Mites.....	376, 377
Beans—		White Louse.....	128
Crop	328	White Wax Scale.....	126
French	580-581	F	
Iron Deficiency.....	329	Fauna—	
Long	622	Sanctuaries	511, 512
Velvet	504-505	Wild Duck Banding.....	640, 641
Beef Cattle—		Fencing	206
Calf Weaning.....	210	Field Turnips.....	50-51
Creep Feeder.....	278-279	Fodder Conservation—	
Crush Bail.....	401-408	Baled Hay.....	447
Drafting	456-459	Buckraking Fodder.....	108
Early Calving.....	208	Bun Silo.....	726
Grazing	350	Feeding Silage.....	36-37, 70-75, 568-571
Mineral Licks.....	205	Forage Harvester.....	557, 558, 612
Peninsular Type.....	203	Grass Hay.....	566
Spraying for Tick Control.....	204	Hay Bale Loading Device.....	599
Beekeeping—		Hay Barn.....	548
Infected Brood Comb.....	392, 393	Lucerne Hay.....	78, 108
Nosema Disease.....	719-723	Moisture Tester.....	540
School Members.....	604	Trench Silo.....	550-554, 559-560, 563
Brigalow Spraying.....	672	Wedge Silo.....	725
C		Forest	513
Citrus—		G	
Orchard	615	Ginger—	
Transplanting	618	Plant	429
D		Seed	430
Dairying—		Grapes—	
Cheese Mould.....	140	Harvesting	382
Cows.....	350	Spraying	383
Cream Cooler.....	708-709	Vine Training.....	384
Cream Processing.....	584-587, 670	Vineyard in Winter.....	388
Dairy Buildings.....	4, 187, 436, 438	Waltham Cross.....	507
Eungella District Farm.....	156	H	
Farm Layout.....	446	Hookworm	32
" Glenvilian Admiral ".....	449	I	
Hamilton Laboratory.....	68	Irrigation—	
Herd Record Cards.....	290-292	Contour Furrow.....	489-497
Milk Cans.....	281-285	Pasture.....	520
Milk Room.....	439	L	
Milk-vat Stand.....	334-336	Lime Workings.....	232
Packaged Cheese.....	138, 142	Linseed.....	348
Shed Record Sheets.....	288	Lupin—	
Strip Grazing.....	77, 300	New Zealand Blue.....	510
Top Producing Cow.....	522	M	
Tubular Steel Balls.....	435, 437, 439	Machinery—	
" Yarrallaside Golden Lass ".....	448	Cheap Farm Wheel.....	700
Districts—		Hay-baler	548
Central Burnett.....	160-167	Modern Auto-Header for Wheat	
Coolum	673	Harvesting	224
Durham Downs Station.....	34	Rotary Hoe.....	66
Glenrae.....	543	Seuffer.....	509
Map of Mackay District.....	153	Spreader	517, 518
North Coast.....	263, 265	Stripper for Grass Seed.....	169
E			
Electric Fence.....	696-698		
Entomology—			
Circular Black Scale.....	125		
Citrus Bud Mite.....	128		
Conference Representatives.....	472		
European Furniture Beetle.....	638		
Fruitfly Effect.....	130		
Galls.....	129		

INDEX TO ILLUSTRATIONS.

VII.

	PAGE.		PAGE.
Maize—		Production Figures.....	343-345
Cover Crop.....	67	Pumpkins—	
Harvesting.....	544, 610	Fusarium Foot Rot.....	254
Hybrid Crossing Plot.....	227, 229	Nematode Infested.....	500-501
Q. 692 Crop.....	226		
Well-grown Crop.....	535		
Ministers for Agriculture and Stock.....	481, 482		
		R	
O		Rockmelons.....	132, 134
Orange—			
Washington Navel.....	616-617	S	
		Safflower	605-608
P		Seed—	
Pastures—		Canary	483-486
Biloela Buffel.....	111-117	Sheep—	
Centro	157, 368	Lambing Conditions.....	213
Clovers.....	48, 156, 301, 303, 688-691	Lambing Graphs.....	216-220
Elephant Grass.....	119-122	Lamb Marketing.....	274-277
Grass Seed Harvesting.....	60-61	"Manaroo" Homestead.....	461, 463, 467
Green Panic.....	168, 423	Merino Fleece.....	346
Improved.....	307, 519	Shady Areas.....	218, 221, 222
Irrigated.....	186, 308, 696	Weaners	398, 399
Kikuyu Harvesting.....	613, 727	Worm Parasites.....	42-44, 146
Lucerne.....	240, 242, 244	Soils—	
Mitchell Grass.....	214-215	Hard Pan.....	65
Native	514-516	Orchard	385
Native Pasture Hay.....	95	Sorghum—	
Para Grass.....	207	Grain	546, 674
Paspalum.....	310	Grazing.....	174-176, 523
Paspalum and Mat Grass.....	235, 237, 302	Ratoon Growth.....	557
Plant Nursery.....	681	Sweet	556, 611
Poona Cowpea and White Panicum.....	693	Spider-mouse	502
Rhodes Grass.....	164	Strawberries—	
Scrobic and Phasey Bean.....	421	Irrigation.....	183
Sod-seeder	304, 305	Nematode Infestation.....	256-257
Sown.....	154	Young Plants.....	181
Strip-grazed.....	302	Sugar Cane.....	347, 682
Peaches—			
Mature	388	T	
Mayflower Variety.....	28-29	Tea—	
Pullars Cling Variety.....	27	Diagram of Leaf Oxidising Principles...	7
Peanuts—		Harvesting	8-10
Harvesting	231	Hedge Plantings.....	11
Peas—		Tobacco—	
Pigeon	351	Crop	349
Varieties	250-251	Tomato—	
Pigs—		Flood Irrigated.....	373
Baconer Type.....	148	Growth Cracks.....	371
Deep-litter Pens.....	339-341		
Ear Marking.....	103-105	W	
Overfatness	149	Watering Facilities—	
Testing Station.....	711	Dam	185, 678
Pineapples—		Tank.....	81
Crop.....	172, 313, 576	Weeds—	
Fruit Diseases.....	22-25	Skeleton Weed.....	2
Multiple-topped Fruit.....	577	Stinkwort.....	322
Plantation.....	267, 315, 675	Weir at Mundubbera.....	161
Plant Diseases.....	13-21	Wheat—	
Planted Tops.....	315	Competition Exhibit.....	365
Plants	575	Competition Zones.....	360
Poultry—		Festival	362
Artificial Insemination Methods.....	414-418	Harvesting	224, 365
Chronic Respiratory Disease.....	644-647	Map of Principal Growing Areas.....	54
Fowl Pox.....	97, 98	Spica.....	362
Infectious Laryngo-Tracheitis.....	96, 98		
Large Roundworm.....	530-532		
Pigeon Pox Vaccination.....	101		
Pullet Production Graphs.....	91, 94
